

MSCB

NEGLECTING NEGLECT

The MSCB is pleased to announce a new date for the one day Level 3 Neglecting Neglect Course for all practitioners from all Medway agencies and organisations.

Aim

A one day course focussing on the definitions, prevalence, racial and cultural issues and difficulties in assessing neglect. Delegates will consider the impact of neglect on children and approaches to working with families where neglect is a feature. Information on current research findings, lessons from enquiries, national and local guidance will also be discussed.

Objectives

By the end of the course, delegates will:

- Understand the nature and impact upon children
- Consider evidence based practice in relation to neglect
- Consider ways to assess and measure the potential for change and time scales for effecting change
- Consider the difficulties which neglect presents in multi-agency working

Trainer/Facilitator

Jane Wiffen, University of Bedfordshire

For whom?

For paid and unpaid staff who have a particular responsibility for safeguarding children and/ or are actively involved in undertaking s47 CP enquiries, assessment and intervention to safeguard children. Examples may include: designated and named staff, social workers, CAIU police officers, LSCB members, case conference chairs.
